

I currently listen to k-LOVE radio station. My life has been very blessed by this station and all that it does. If you replaced this radio station with LPFM, I would be very upset. This radio station is a wonderful ministry and it touches the lives of many people every day. It is my hope and prayer that K-LOVE will not be replaced. This is the only radio station that I ever listen to. I believe that the service K-LOVE provides is a light to the community. It is used to tell people the message of hope that comes from Jesus Christ. Without this station, many people would not be able to be blessed each and every morning just by turning on their radio. This station also provides people with numbers to call if they are in devastating life situations and feel as if there is no reason to live or no where to turn. This is not a station that merely gives us music to listen to, although the music is wonderful, it provides people with a hope and a sense of being loved and needed by others. This radio station is much more than what it seems, it is a life changing experience.
